## DRUNK BUSTERS GOGGLES

### These Goggles Don't Help You See... They Make You Think!

As soon as you slip on a pair of our Drunk Busters Goggles, you'll begin to experience the simulated effects that alcohol consumption has on your body. These unique goggles simulate effects of impairment, including reduced alertness, slowed reaction time, confusion, visual distortion, alteration of depth and distance perception, reduction of peripheral vision, poor judgment and decision making, double vision, and lack of muscular coordination. Curt Kindschuh, Founder and Owner of Drunk Busters of America, is the designer and patent holder for Drunk Busters Impairment Goggles, which are being used worldwide in over 120 different countries. These goggles are being used in drunk driving prevention and awareness programs, driver education classrooms, boating/snowmobile/ATV/hunter safety classes, underage drinking and drug awareness programs, alcohol and drug treatment programs, and by safety management and occupational health personnel. Available in ten different versions, they are the most affordable and the finest impairment goggles on the market! All goggles include a cloth carrying bag and an Instructor's Guide, available in Spanish on request. **Each and every goggle is backed by a five-year warranty**....if the frame, lens, or elastic strap breaks, we will replace the goggle or strap at no charge to you!

For some people, impairment might result from as little as one alcoholic drink. Impairment can also result from combining alcohol with prescription medication, yet with a very low Blood Alcohol Concentration (BAC). Using illegal drugs can also be impairing, with no BAC level even present. Our goggles represent the following approximate range of BAC levels for the 'average' person consuming alcohol under 'average' circumstances:

*Drunk Busters provided the best customer service I have experienced in quite some time. I received regular updates concerning my order and received it in two days! Folks should steal a page from your playbook. THANK YOU!!!*

**ECSTASY/MOLLY/LSD GOGGLE™**

The fastest emerging drug problem in the USA is the use of Ecstasy, also known as Molly. Effects of using it include impaired judgment, blurred vision, confusion, a distorted perception of color, and an increase in blood pressure and heart rate. LSD stands for Lysergic Acid Diethylamide, which is a hallucinogen. Popular in the 60's and 70's, it has slowly been making a worldwide comeback. Combined with impaired depth perception, this goggle simulates effects of using Ecstasy/Molly or a bad LSD trip.

*(tie-dye strap)*

**DRUG IMPAIRMENT GOGGLE**

Simulates many of the effects of using illegal drugs or overdosing on prescription medication, including disorientation, altered space perception, vertigo, lack of concentration, image distortion, memory problems, and feelings of euphoria.

*(camo strap)*

**CANNABIS GOGGLE™**

According to recent U.S. Government studies, 30% of today's teenagers are smoking marijuana. About 4% of adults smoke pot at least once a year, with roughly 1% abusing it. Smoking marijuana can affect your ability to perform simple tasks, it impairs concentration and coordination, it can cause slowed reaction time, and can result in short-term memory loss. Smoking marijuana can also result in a feeling of nausea, which these goggles simulate. The Cannabis Goggle is a training tool which can be used with young people and with adults.

*(olive strap)*

**\*Patent No. 6,206,521**

**SNOOZE® DROWSY & DISTRACTED GOGGLE**

Simulates fatigue in the early morning after working all night long and also extreme fatigue.

*(grey strap)*

**RED-EYE™ DROWSY & DISTRACTED GOGGLE**

Simulates fatigue late in the day when the sun is about to go down and fatigue under low light conditions.

*(rose strap)*

Drunk Busters of America has been providing pedal karts to use with drinking and driving educational programs since 2007! Don't be fooled by cheap knock-offs. Curt Kindschuh, Founder and Owner of Drunk Busters of America, backs every pedal kart with a full one year warranty and a five year frame warranty. These karts are commercial quality, made for heavy duty use. Pedal Karts are used along with Drunk Busters Goggles to demonstrate the dangers of impaired driving in a safe way. Using traffic safety cones, you design your own driving course in a way that works for you and the parking area or gym floor that you have available. Participants first drive the course "sober" and then attempt to perform several hands on tasks, including field sobriety testing. Then, have the participant drive the course again and perform the same testing while wearing a Drunk Busters Goggle. As with real life, the participant is in complete control while "sober" but once alcohol use, drug use, or sleep deprivation is simulated, they are no longer 100% in control. In real life, that is when crashes happen, and people get injured and killed. This is a SAFE and EFFECTIVE and EASY way to teach young people and adults about the dangers of not being in control of themselves. There is NO HIGH PRICED TRAINING required. These pedal karts are designed with a heavy duty frame, an adjustable seat with 30 positions, pedal brakes, all-terrain tires with tubes, and an articulating front end to keep all of the wheels on the ground. The wheels are metal, which is much safer than plastic! Weighs 135 pounds, and measures 67 inches long x 35 inches wide x 39 inches high. EZ assembly required, it should take about 10 minutes and requires a few basic tools. Ages 11-adult. The Drunk Buster Pedal Kart has a 300 pound weight limit. (Shipping and Handling rates are for the contiguous 48 states. Shipping to Hawaii and Alaska and other countries will require a shipping quote). Shipped via full-sized semi-trailer.

# Drunk Busters Cup Stacking Challenge

**NEW!**

The challenge is to build a tower made out of 10 cups, 5 black and 5 red, as quickly as possible. The first time, the participant is “sober;” the second time “impaired” while wearing a Drunk Busters Goggle. While the vision is impaired, the participant will experience difficulties with hand-eye coordination, confusion, depth perception issues, and they will experience a reduction in how quickly they can build the tower. Time them “sober” and then “impaired” and then discuss slowed reaction times and the dangers of that. A set of 30 cups (15 black, 15 red) is \$49.

## Drunk Busters Air Freshener

### **DRUNK BUSTERS AIR FRESHENER**

A pack of 25 for \$29! Three inches in diameter, with orange citrus scent. These work well in squad cars, driver education cars, or as a hand-out to driver education students. They can also be shared with family members. An air freshener with a traffic safety message!

**NEW!**

*We had over 100 community health workers attend the 3-day training where they learned a variety of health lessons. The Drunk Busters Goggles were a huge asset in bringing this lesson to life.*

Melissa Traynham, Executive Director  
Cumunidades Unidas, Peru

# Field Sobriety Test Mat

4' x 12' mat made of 13 ounce vinyl. Everything you need for activities using the Drunk Busters Goggles is right here on this mat! When your participant is completely "sober" throw an old set of car keys to the corner of the mat and have them pick the keys up, then do the same with an old cell-phone, and then throw a few coins to the other corner of the mat. Follow that with a heel to toe walk the line field sobriety test, and then the one legged stand test. When "sober", they should be able to perform these tests perfectly. The second time, have the participant wear a Drunk Busters Goggle and repeat the same series of events. While wearing the goggles, they will fail, sending a strong message to the participant, and to the audience, to NEVER drive while impaired! For use indoors or outdoors, the mat cleans easily with a cloth and warm water. One year warranty against rips in the material. (Drunk Busters Goggles are not included) Includes a user guide. \$259

**An additional \$15 oversize item charge needs to be added to the normal shipping rate. (Shipping & Handling rate is for the contiguous 48 states. International shipping, including Alaska and Hawaii, will be higher. Please call or email for a quote.)**

# Emergency Response Thumbball

Toss it. Catch it. Respond to the panel under your thumb. Six inches in diameter, with 32 panels total, this super-soft ball is a great ice-breaker and training tool for teens and adults. It is that simple! The Emergency Response Thumbball gets everybody talking and interacting with ease. It can be used in schools, law enforcement agencies, fire departments, offices, hospitals, military bases, and as part of a presentation on emergency responding. There is no need to inflate it, there are no parts to lose, and no batteries to buy. People communicating with each other, without a "gadget." What a concept! \$17 per ball

# Drunk Busters Challenge Activity Mat

Simulating a country road in a rural setting, the 6' x 12' mat is a great interactive activity to demonstrate the dangers of impaired driving and also distracted driving, specifically texting while driving. The width of the road is 16 inches, thus the participant actually walks on the road, while steering a real steering wheel, and has to stay between the lines of the outer edge of the road, avoiding a deer, mail delivery vehicle, pedestrians, bicyclists, and even a family of skunks. It also features two intersections complete with stop signs. The first time the student drives the course, they are completely sober. The second time, they text a friend while driving. The third time, they wear a Drunk Busters Impairment Goggle to get a feel for the dangers of impaired driving. Each time, count the number of mistakes they make, and use a stop watch to time them and then use that opportunity to teach the students about delayed reaction times when they are distracted and/or impaired. Made of 13 ounce vinyl, it is backed with a one year warranty against rips or tears. \$359.00

- Includes:
- 6' x 12' Drunk Busters Challenge Activity Mat
  - Drunk Busters steering wheel
  - One Drunk Busters Impairment Goggle .08 – .15 BAC Level
  - Instructor's Guide

**An additional \$20 oversize item charge needs to be added to the normal shipping rate.**  
(Shipping & Handling rate is for the contiguous 48 states. International shipping, including Alaska and Hawaii, will be higher. Please call or email for a quote.)

**DRUNK BUSTERS STEERING WHEEL \$25**

**DRUNK BUSTERS BACKPACK**  
Carry up to 12 Drunk Busters Goggles.  
Super sturdy! \$25

**T-SHIRTS** Are available in S, M, L, and XL for \$10, and XXL and XXXL for \$11.

**DRUNK BUSTERS CARRYING BAG** Securely carry up to 12 Drunk Busters Goggles in this extra tough bag with two side pockets. 18 x 12 inches. \$25

**DRUNK BUSTERS GOGGLES REPLACEMENT STRAPS**

**Curt Kindschuh**  
Founder & Owner

In 1985, I pinned on a badge for the first time, wearing it full-time for a sheriff's department for nine years, and then for another nine years part-time for a small police department. My young friend Marcus, at age 24, has worked for the Fond du Lac Police Department for the past two years, and I first started mentoring him when he was 15. He likes to remind me that he was born ten years after I first pinned on a badge! I recently rode along with him on his shift. A lot of things have changed in law enforcement in the past 35 years, primarily with technology. But the basics remain, such as the ability to listen to people, being able to communicate with them, and the importance of providing excellent customer service. For the past 25 years, we have used that same skill-set to build Drunk Busters of America into a very successful international company. Every day, we strive to be #1 in customer service, pricing, quality, and speed of delivery. We want YOU as a customer!

Our Drunk Busters Goggles are the best impairment goggles available and are backed with my personal 5-year warranty. Our goggles have appeared on numerous television shows over the years, including *Traffic Cops*, *Police Interceptors*, *Myth Busters*, *Bar Rescue*, *The Anderson Cooper Show*, *The Arsenio Hall Show*, *Killer Karaoke*, *Wipeout*, *We Have Issues*, *Race to the Scene*, *Greek*, and *I Survived a Japanese Game Show*.

Thank you again for the opportunity to serve you and help make a difference in your community. If Patti, Shelly, or I can help you in any way, please call us at 920-583-2491 or email us at [curt@drunkbusters.com](mailto:curt@drunkbusters.com)

Keep up the great work and Stay Safe!

## A BRIEF HISTORY

With a college degree in social work, with minors in business administration and human relations, Curt Kindschuh worked as a deputy sheriff and police officer for 18 years, and was recognized in the Wisconsin Law Enforcement Officer of the Year Awards in 1993 for his creative approaches to crime prevention. He was one of the first Drug Abuse Resistance Education (D.A.R.E.) Officers in Wisconsin, and worked for 4 years in 23 schools as a D.A.R.E. Officer. He started the "Shop With a Cop" program, which has since been duplicated in other areas of the United States, and he was also a bicycle safety officer. Curt was a member of WI Governor Tommy Thompson's DUI Task Force, he worked with convicted DUI offenders for 4 years as a traffic safety school instructor, and he was a volunteer with Mothers Against Drunk Driving (MADD) for 14 years. From 1994-1997, he worked as the Wisconsin State Executive Director of MADD. He also worked part-time for a number of years as a college instructor in the criminal justice program at Moraine Park Technical College.

Curt was certified in DWI Detection and Standardized Field Sobriety Testing, and as an Intoxilyzer operator. As an advanced victim advocate with MADD, he received training in death notification. Curt knows and understands drunk driving. He has arrested drunk drivers, investigated fatal crashes, counseled convicted DUI offenders, and worked as an advocate for innocent victims of impaired driving crashes. In 1995, Curt Kindschuh started Drunk Busters of America. He is the designer and patent holder for Drunk Busters Impairment Goggles, used worldwide in over 120 countries in the fight to stop impaired driving.
